

Attendee Tour

When you arrive at a GlobalSpec event, you will always enter through the *Lobby*. The *Lobby* is your gateway to all other areas of the GlobalSpec event environment.

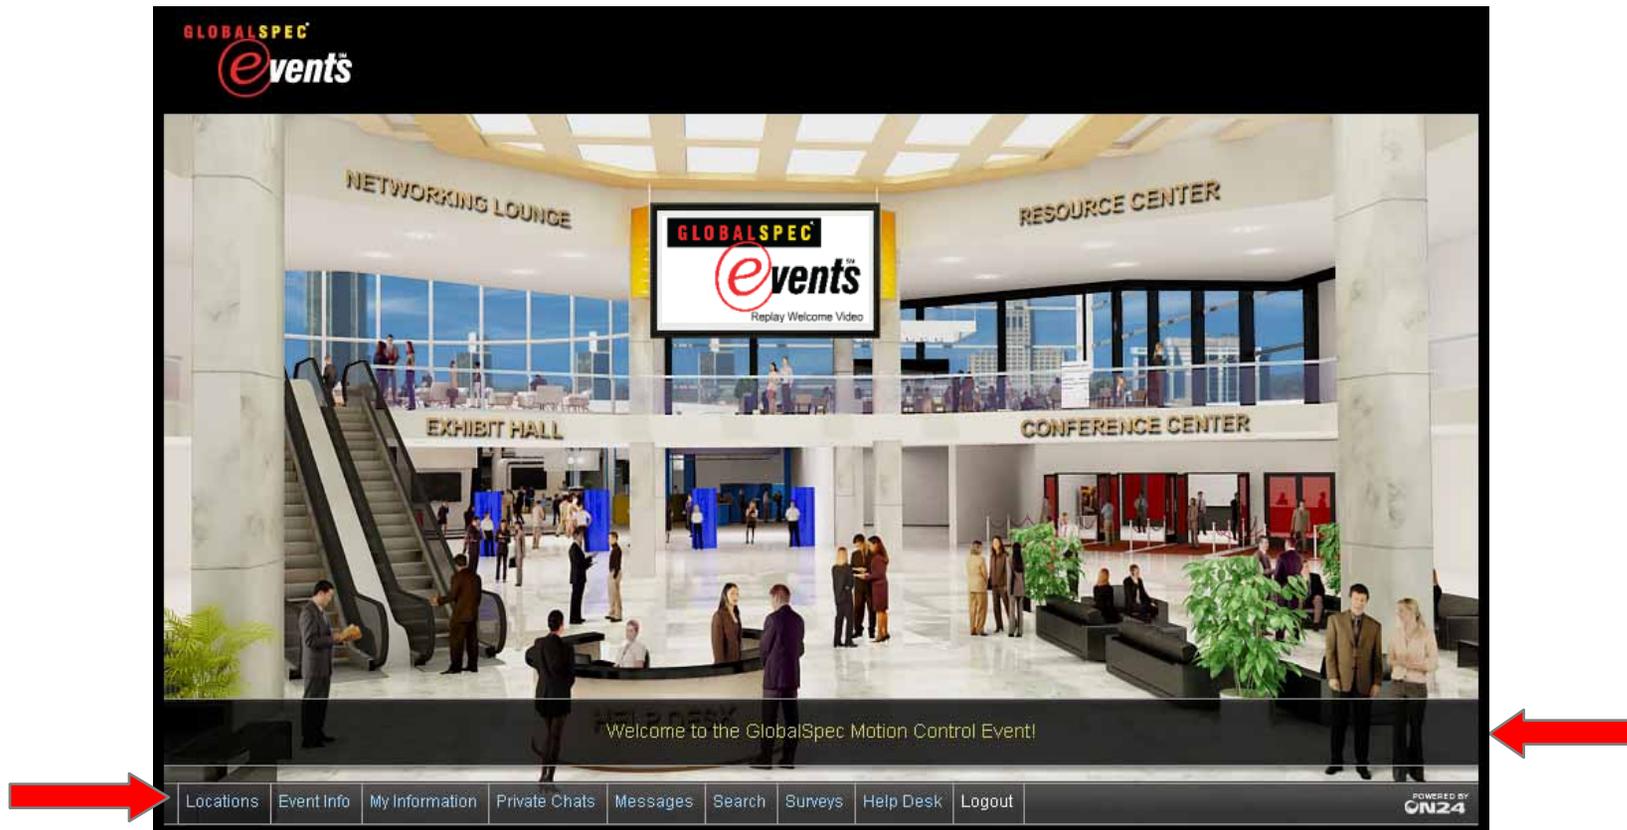

Attendee Welcome

Upon entering GlobalSpec's environment for the first time, a welcome video will introduce you to all the areas of the site and show you the features and benefits of each area. If you would like to watch it again at any time during your participation in the event, click on the GlobalSpec Events Logo on the Screen in the *Lobby*.

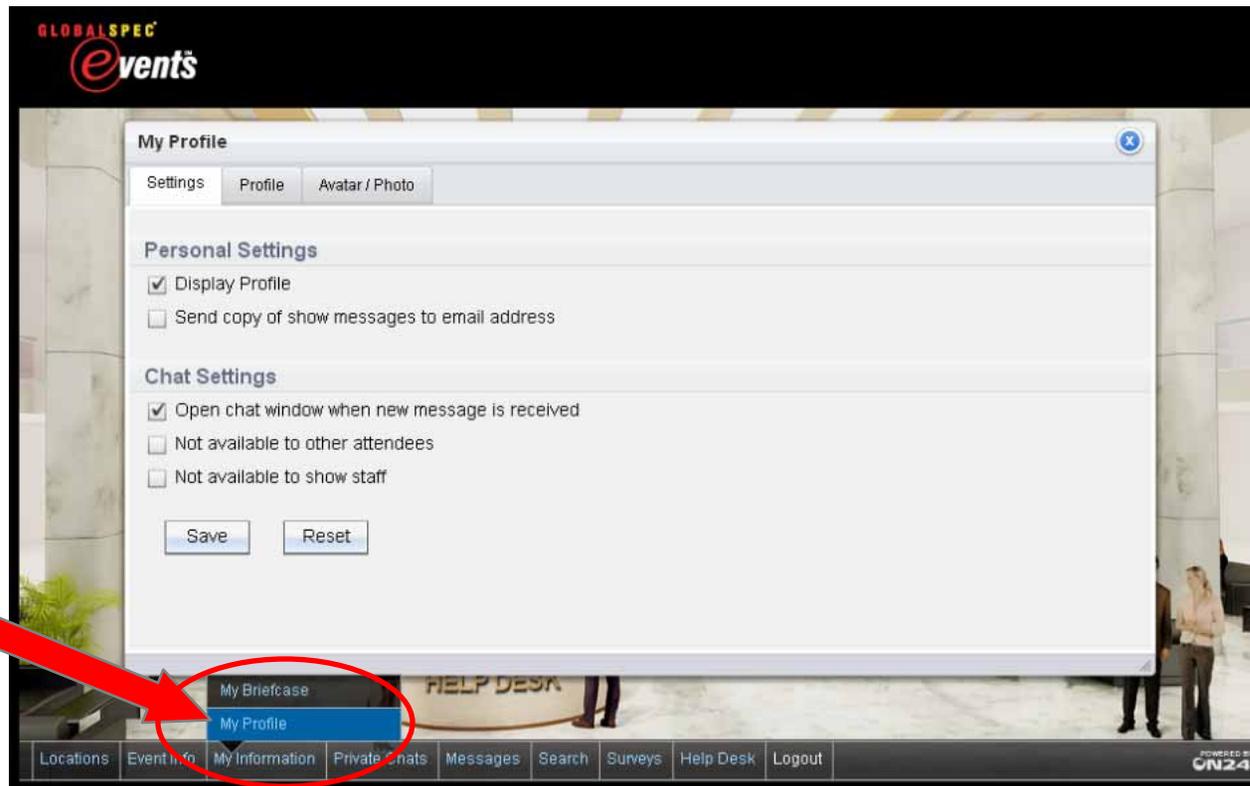

Navigating the Environment

The Main Navigation Bar at the bottom of the environment screen will help you access all the areas within the event as well as provide you with helpful information.

The scrolling marquee at the bottom of our screen serves as a message board and will be used throughout the event to keep you abreast of presentation announcements, show updates, prize announcements, and more.

Attendee Profile

Upon entering a GlobalSpec event for the first time, you'll have the opportunity to review and update your Attendee Profile. Attendee Profile data is based on your registration data. Click on the *My Information* tab and then *My Profile*, to update.

On the *Settings* tab: Change your Personal and Chat Settings.

On the *Profile* tab: Input further personal information and your time zone.

On the *Avatar/Photo* tab: Choose an icon from our extensive selection, or upload your own photo.

Remember, completely filling out your Event profile helps you better network with other attendees.

Search for People/Content

The screenshot displays the 'Network Builder' interface with two main search sections: 'Search Criteria' and 'Content Search'.

Search Criteria (People Search):

- Run a Saved Search: No Selection
- Search Criteria: 1
- Advanced Tools: [Dropdown]
- Fields: Username, First Name, Last Name, Title, Company
- Importance: Sliders for 'Less Important' and 'More Important' for each field.
- Checkbox: Include show and booth staff in search results
- Show Top 25 Results: [Dropdown]
- Search: [Button]

Content Search:

- <search> [Input Field] [Search Button]
- Advanced Tools: [Dropdown]
- Table with columns: Title, Company, Track, Category, Rating, Utilities

Title	Company	Track	Category	Rating	Utilities
Complex Linear Motion System Design, Made Easy	PBC Bearing		Webcasts	★★★★★	[Icons]
Leveraging FPGA Flexibility for Drive/Motion Applications	Altera		Webcasts	★★★★★	[Icons]
How Web Servers Cut Automation Costs	Siemens		Webcasts	★★★★★	[Icons]
Precision in Motion	New Way Bearings		Webcasts	★★★★★	[Icons]
How Web Servers Cut Automation Costs and Leveraging FPGA Flexibility for Drive/Motion Applications	GlobalSpec		Webcasts	★★★★★	[Icons]
The World of Motion Control & Complex Linear Motion System Design, Made Easy	GlobalSpec		Webcasts	★★★★★	[Icons]
The World of Motion Control	GlobalSpec		Webcasts	★★★★★	[Icons]

At the bottom, a navigation bar includes: Locations, Event Info, My Information, Private Chats, Messages, **Search** (highlighted with a red circle and arrow), Surveys, Help Desk, Logout. A 'CN24' logo is visible in the bottom right corner.

To search for other attendees, click on the *Search* tab and then the *People* tab to begin your search. If you know someone else attending the event, simply type in a name (full or partial) of the person you are looking for and press the Search button or press enter. The search will return all items that contain the characters that you typed in the search field.

To search for content, click on the *Search* tab and then the *Content* tab. Sort your search by title, company, track, and category by clicking on the column titles at the top of each field. You can also use the Advanced Tools button to further refine your search.

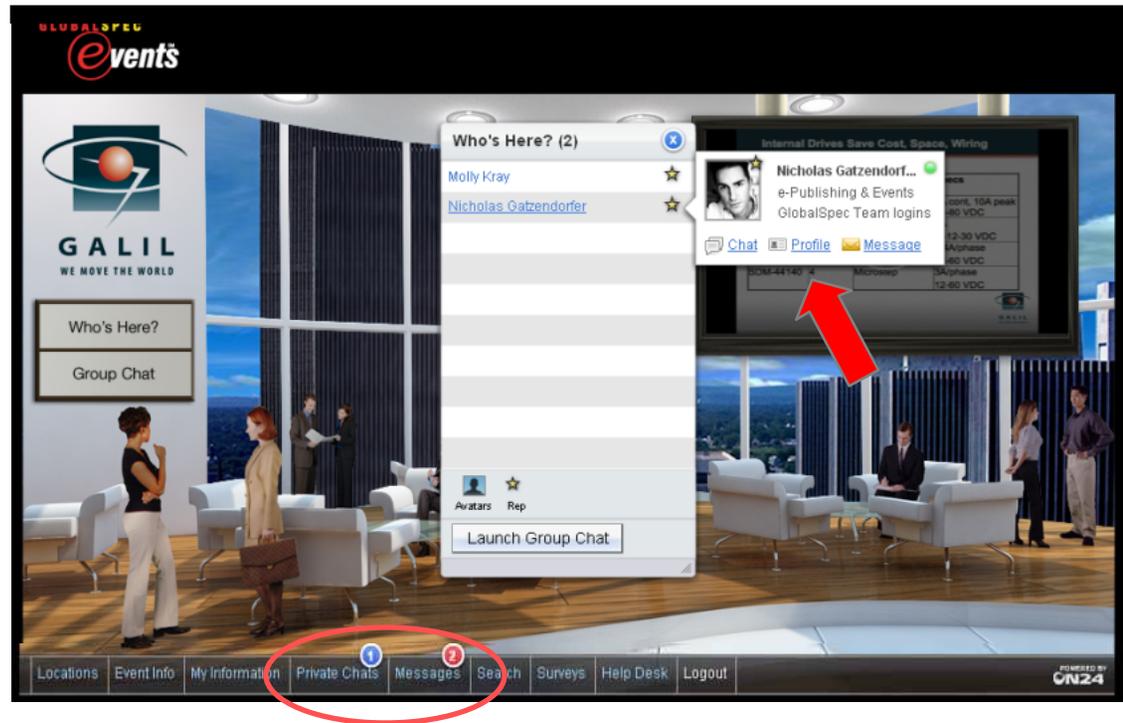

Communication Between Exhibitors & Attendees

GlobalSpec Online, Live day events provide three types of communication:

1. Chat
2. Email
3. V-Card

To initiate any form of communication, select a person's name in the *Who's Here* box or the *Location Chat* box. This will allow you to view their profile, exchange V-cards, send an Email, or initiate a private chat.

If someone else is trying to communicate with you, there will be numbers along the bottom navigation bar indicating unread messages or private chat invitations. You can view the messages or chat requests by selecting the tab.

Attendee Briefcase

The screenshot displays the 'Resource Center' interface. At the top, there are filters for 'Select Tracks Filter' and 'Select Category Filter', along with a search box containing '<search>'. Below these is a table with the following columns: Title, Company, Track, Category, Rating, and Utilities. The table lists several resources, including application notes and videos from Avago Technologies and GlobalSpec. A red arrow points to a briefcase icon in the 'Utilities' column of the 'Part Number Search' row. Another red arrow points to the 'My Briefcase' tab in the bottom navigation bar, which is currently selected.

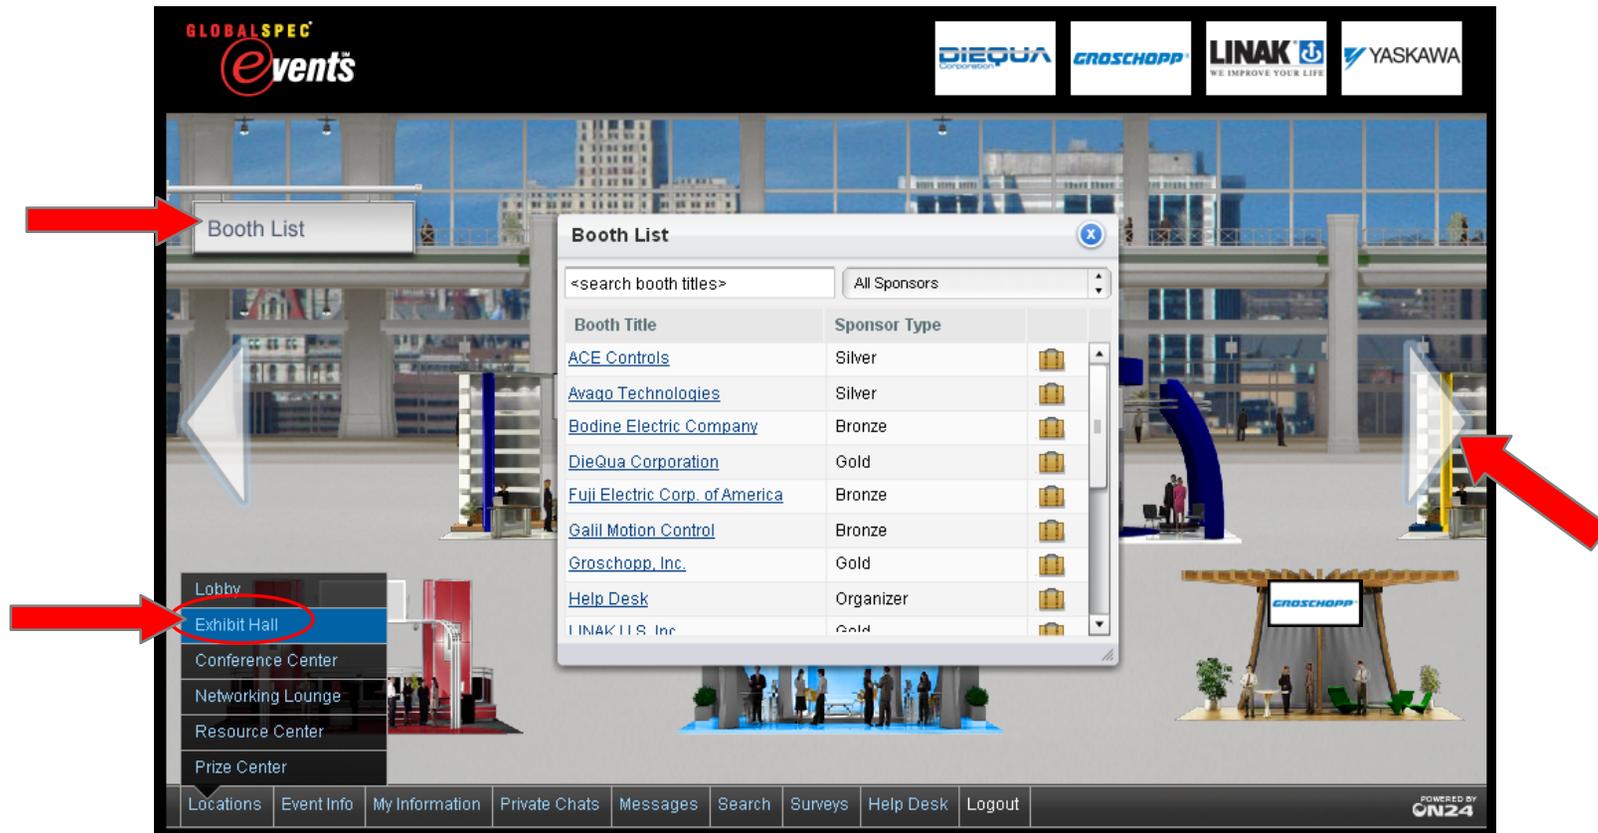

Title	Company	Track	Category	Rating	Utilities
Optocoupler Input-Output Endurance Voltage Application Note 1074	Avago Technologies	General	Applications	★★★★★	
Optocouplers Isolated Circuit for Intelligent Power Modules (IPM) and Gate Drivers Application Note 5401	Avago Technologies	General	Applications	★★★★★	
Optocouplers Plastic Photo MOSFETs	Avago Technologies	General	Applications	★★★★★	
Optoisolation and Optical Sensor Products Selection Guide	Avago Technologies	General	Applications	★★★★★	
Part Number Search	GlobalSpec		Resources	★★★★★	
PI Corporate Video	PI (Physik Instruments)	General	Presentation	★★★★★	
PI Hard Cover Catalog	PI (Physik	General,	Catalog	★★★★★	

Bottom navigation bar: Locations | Event Info | **My Information** | Private Chats | Messages | Search | Surveys | Help Desk | Logout

POWERED BY CN24

To download any content into your briefcase, click the briefcase icon. Prior to leaving the event, be sure to gather all the content from your briefcase by selecting the *My Briefcase* tab under the *My Information* tab along the bottom navigation bar.

Exploring the Exhibit Hall

Navigating the exhibit floor is easy -- use the arrows to the right or left of the main hall screen to pan the show floor in the direction of your choice. You can locate a specific booth of your choice in a number of ways: Use the directory listing of exhibitors by selecting the *Booth List* button to the left side of the main show floor. Click on the exhibitor's name to be taken directly to that booth. In addition, if there is a promotional banner for that exhibitor anywhere within the environment, that banner will take you directly to that exhibitor's booth.

Exhibitor's Booth

The *Who's Here* box will automatically open to the left side of the screen when you visit a booth. Select *Launch Group Chat* in order to view and/or join the group chat in the booth.

If you would like to chat privately with a booth representative or send them an email, you can do so by selecting the *Chat with Us* button and selecting the user's screen name.

The Conference Center

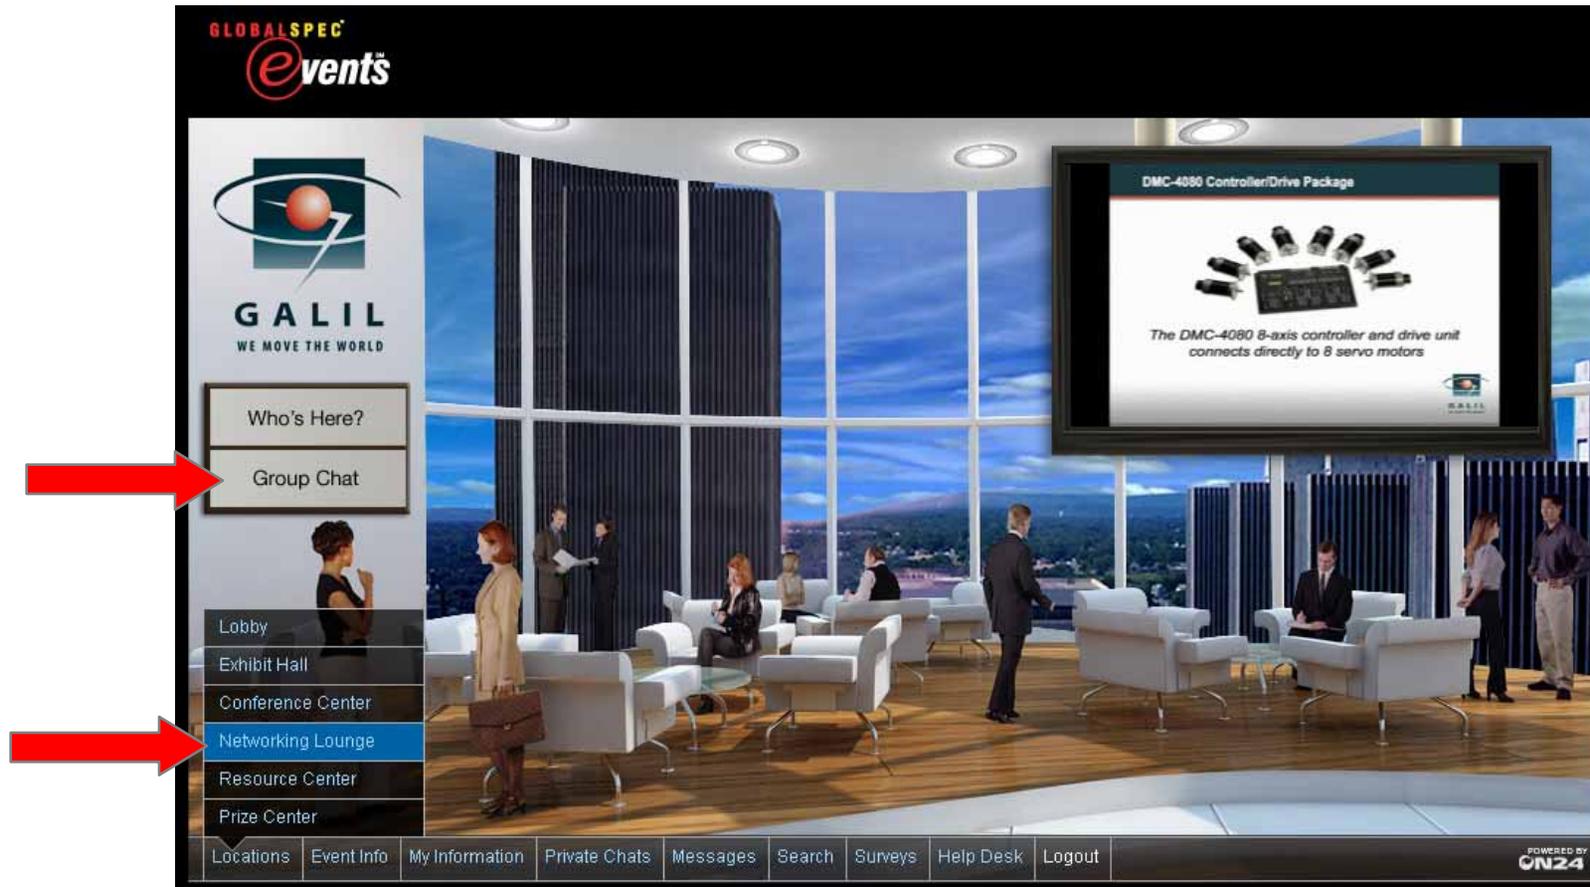

The screenshot displays the 'Conference Center' interface. On the left, a navigation menu lists options: Lobby, Exhibit Hall, **Conference Center** (highlighted with a red circle and a red arrow), Networking Lounge, Resource Center, and Prize Center. The main content area shows a list of sessions. One session, titled "Precision in Motion", is selected, and its details are shown in a pop-up window. The details include:

- Date/Time (EDT):** Wed, 06/09/2010 at 12:30 PM - 1:30 PM
- Abstract:** "Precision in Motion" will examine friction and other primary error sources in ultra-precision linear or rotary motion applications. The presentation will cover the fundamental rules of precision and the role that temperature plays. It will explore kinematic design and exact constraint theory, as well as axis of rotation principles. Understand the steps necessary to reduce friction and increase precision.
- Presentation Date:** Wed, 06/09/2010 at 2:00 PM (EDT)
- Speaker:** Drew Devitt, Chief Technology Officer
- Company:** New Way Air Bearings
- Category:** Webcasts
- Location:** Conference Center
- Duration:** 01:00:00

At the bottom of the pop-up window, there is a "Flash Streaming Video" dropdown menu and an "Attend" button, which is highlighted with a red arrow. The bottom navigation bar includes links for Locations, Event Info, My Information, Private Chats, Messages, Search, Surveys, Help Desk, and Logout. A "POWERED BY CN24" logo is visible in the bottom right corner.

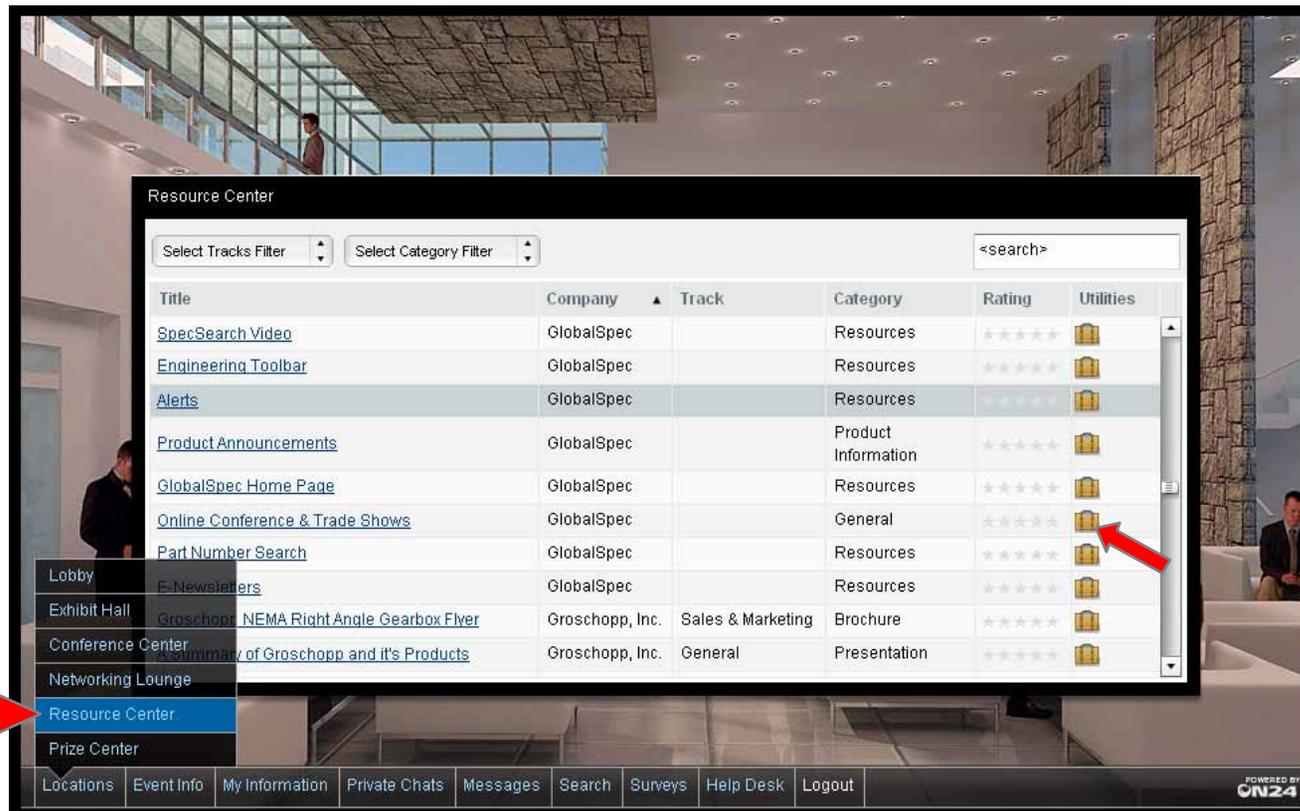

The *Conference Center* is where you will find the day's educational sessions and time schedule. By viewing the agenda you can gain access to more information about a particular session, including the speaker's name, company and session abstract. To join a scheduled session, click on the title of that session and the "Attend" button once it becomes visible – which will be one minute prior to the session start time.

The Networking Lounge

Just like at an in-person event, your networking experience can be the most rewarding experience of the event. The *Networking Lounge* is the main communication hub for attendees and exhibitors within the event environment. To post a message in the *Networking Lounge* select the *Group Chat* button and type a message in the *Location Chat: Communication Center* and press *Send*

The Resource Center

The *Resource Center* is where all Event documents and links can be found. To enter, click on the *Locations* tab and then the *Resource Center* tab from the bottom navigation bar or simply click on the *Resource Center* sign in the Lobby. To make it easier for you to find specific information, documents and links can be sorted by Title, Company, Track or Category. Once you find an item you want to review, open the document, select the Download button, or add it to our briefcase by selecting the briefcase icon on the right.

The Prize Center

GLOBALSPECSM events

Prize Center

Prizes Rules My Points

Forerunner 101 - Minimum Qualifying Points: 0 points

Forerunner 101 Drawing will be held during the live event at 5:30 PM Eastern Time

Forerunner 101

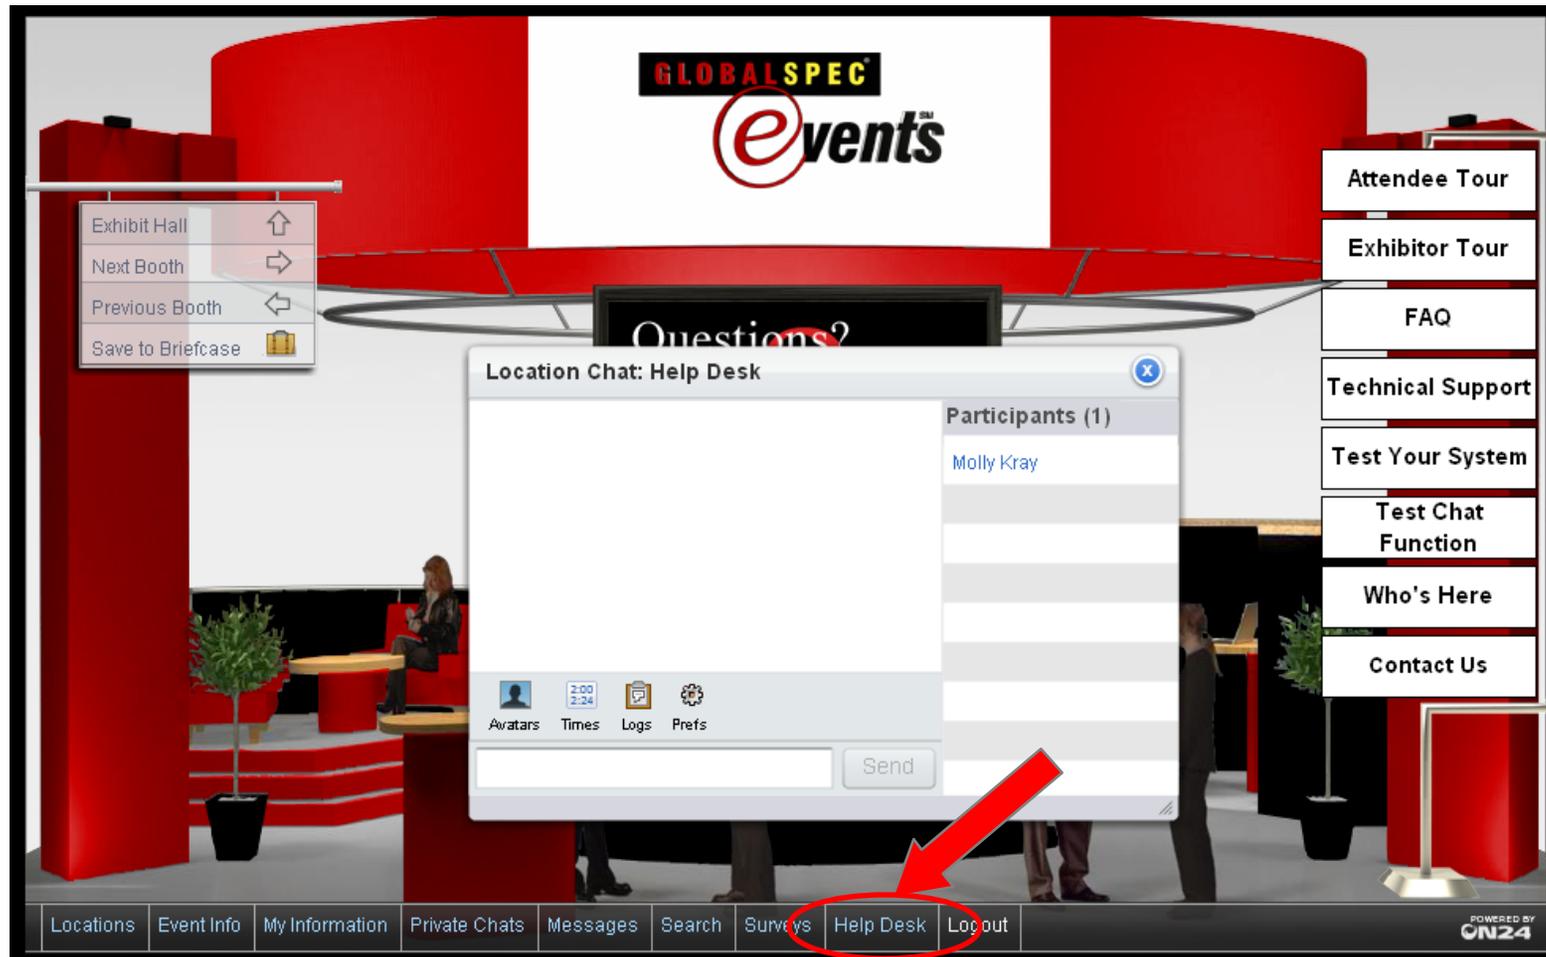

The Forerunner 101 offers athletes and recreational walkers and runners an entry-level personal training device with GPS. For business travelers who want to train on the road, the Forerunner 101 also doubles as a navigator. Users can mark their hotel as a specific location, see their current position on the plotter display, and follow an electronic breadcrumb trail back to their starting point.

On-Demand Event

If you miss a scheduled presentation that's okay, because in the online event environment, the On-Demand period allows you to re-enter the event at your convenience after the Live event has ended. In the On-Demand event, you may re-enter an educational session as frequently as needed, although each time you re-enter, the presentation will start at the beginning. To contact an exhibitor during the On-Demand period, send e-mails with any questions you may have. You may also download collateral or view materials from within the booths and *Resource Center*.
