

Electronic Device Design e-newsletter examines the enabling technologies and material advances behind the latest generation mobile and handheld electronics. Timely and relevant topics relating to cell phones and pico-projectors to global positioning systems and MP3 players.

It's the perfect platform to get your message out about new products, recent technology developments, product application ideas, and more.

Coverage Areas/Topics

- Batteries and power supplies
- Development/verification/simulation tools
- Display technologies
- Boardlevel devices
- Technology and market trends and more

Markets/Industries Served

Aerospace, Automotive, Communications, Computers, Defense & Security, Consumer Products/Electronics, Medical Equipment
