Engineering News

CR4 Daily Digest e-newsletter covers the top stories, questions, discussions, and blog entries of the day on CR4, the Engineering360.com community. Reporting on the most popular activity and happenings on the engineer's place for news and discussion, this e-newsletter is the perfect platform for you to connect your message with an engaged audience of engineers from around the world.

Markets/Industries Served

Aerospace; BioMech & BioMed; Chemical & Material Science; Civil Engineering; Communications & Electronics; Education & Engineering Careers; Electrical Engineering; Instrumentation; Manufacturing; Mechanical Engineering; New Technologies & Research; Software & Programming; Sustainable Engineering; Transportation

Reach a Highly Engaged Audience

Our focused publications make it easy for you to support specific marketing initiatives and build awareness among a highly engaged audience of decision makers who use e-newsletters as a key resource when comparing and evaluating suppliers.

Delivery rates exceed
95%

3 out of 4
readers use our e-newsletters as a primary resource in the early to middle buy cycle stage

**2015 IEEE Engineering360 Media Solutions Readership Survey*

All CR4 Daily Digest advertisements run for seven consecutive issues, generating a full week of exposure for your company and message!

Current Subscriber Base 71,000+

Generate branding and exposure among an engaged audience. Deliver your message to a community of engineers and technical professionals.

CR4 (cr4.globalspec.com) is Engineering360's online, interactive community for engineers and related professionals to get the latest news, ask questions, and participate in discussions. It includes forums for users to discuss topics of interest and ask and answer questions, along with blogs, engineering news, and more!

Visit CR4.globalspec.com to learn more about CR4 and the peer-to-peer engagement taking place in this vibrant community.
