

Engineering Knowledge and Insight e-newsletter is designed to keep readers up-to-date on the latest engineering news, developments and resources, in the areas of:

- references/technical standards/scientific journals
- courses and seminars/degree programs
- technical conferences and symposia
- engineering methods
- engineering components and materials databases
- lean manufacturing
- information management systems
- engineering knowledge sources

It's the perfect platform to get your message out about new programs, products and services.

Coverage Sections/Topics

- Standards, Codes & Regulations
- Engineering References
- Engineering Knowledge
- Engineering Insight
